

NATURAL LASH ENHANCEMENT SOLUTION

NEW StimuLashFusion™ Intensive Night Conditioning Lash Enhancer

FusionBeauty introduces **StimuLashFusion™ Intensive Night Conditioning Lash Enhancer** – a breakthrough new topical treatment that helps to dramatically enhance the look of lashes' length, fullness, and thickness.

FusionBeauty® changed the landscape of the cosmeceutical market with their premiere product, **LipFusion®**, a breakthrough lip plumper that delivered comparable results to popular injectable treatments. The commitment to innovation and science-based beauty solutions continues with the introduction of StimuLashFusion™.

StimuLashFusion™ visibly transforms lashes within six weeks of use – 89% saw longer, fuller, more fabulous lashes! Created without parabens or artificial fragrances, the intensive nighttime serum enhances the overall health of strands. The reparative formula is packed with a powerful complex of active ingredients, including peptides, vitamins, and natural extracts, to deliver intensive deep conditioning and natural enhancement to lashes and brows.

Key Ingredients:

- ⊗ Bio-Peptides & Amino Acids – help repair and strengthen fragile lashes and brows
- ⊗ Sodium Hyaluronate – promotes hydration for glossy, healthy-looking lashes and brows
- ⊗ Panthenol – enhances strand flexibility, elasticity, and resiliency
- ⊗ Methylamido Dihydro Noralfoprostal – promotes the health and growth potential of hair follicles for strands that appear longer and fuller
- ⊗ Vitamin C – natural antioxidant rejuvenates and protects the skin around the eye
- ⊗ Vitamin E – natural antioxidant protects hair follicles from environmental damage
- ⊗ Vitamin A – establishes normal cell function of the sensitive skin around the eye

Forget about false lashes...thanks to StimuLashFusion™, skinny, skimpy lashes are a thing of the past! Use StimuLashFusion™ once nightly for optimal results. Apply formula sparingly along upper lash line at the root area using the thin applicator brush. Can also be applied to clean brows. For 24/7 lash enhancement, use in combination with our new mascara, **LashFusionXL™ Micro-Technology™ Instant Lash Volumizer**.

StimuLashFusion™ is ophthalmologist tested, fragrance-free and paraben-free.

StimuLashFusion™ Intensive Night Conditioning Lash Enhancer (\$89 USD/ \$96 CAD) is now available at Sephora, Ulta, and other fine retailers in the U.S. and Sephora and Holt Renfrew in Canada. Visit www.FusionBeauty.com for more information.

Since creating the award winning and celebrity favorite LipFusion® Micro-Injected Collagen Lip Plump in 2005, FusionBeauty® continues to build on a strong foundation of innovation and advanced science. FusionBeauty® fuses breakthrough advances in dermatology, cosmetics and biological anti-aging sciences. The company's diverse and powerfully branded product line also includes LashFusion®, LiftFusion®, GlowFusion® and PureFusion® and is available in over 40 countries worldwide. The effectiveness, innovation, and broad consumer appeal of FusionBeauty® products has earned the company various industry honors including CEW Awards, the Good Housekeeping Seal and support from a long list of celebrities.
